Database Technology

MariaDB

Overview

- We will use MariaDB (MySQL variant)
- <https://en.wikipedia.org/wiki/MariaDB>

Homework Assignment

- Prepare your environment to receive a database for installation
 - Download MariaDB – latest version
 - <https://mariadb.com/downloads/>
 - Options
 - Windows
 - Mac OS X

Homework Assignment

- Install MariaDB on your local computing device
- Create a user account that had Global Privileges to use MariaDB (don't forget your root login password, though - record it somewhere)
